

Home Builders Planning Management Guide

By Edward J. Coppola

AuthorHouse. Paperback. Condition: New. 108 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Homebuilders Planning and Management Guide was written to help the many people intending to build their own house. This book is in response to the numerous inquiries from those individuals desiring to own their own home, but its lessons also apply to the experienced homebuilder. The book is aimed at helping the first time homebuilder who wants to be manager of hisher own building process. This guide will show you how to be in charge and how to successfully complete the home building project. As a guide, it is intended to help you through the various phases of planning and managing your home building project. Many of the authors clients have paid hundreds of dollars to be counseled in the concepts and suggestions put forward in this book. There are some advantages to constructing the house yourself. One advantage is that you, as the builder, will develop a house that you feel represents your lifestyle, your dream and your personality. Another advantage, is that you have the potential to save a substantial amount of money. By following these basic concepts, you can also save money from unintended or hidden...
