The message from the author Benson N. Modie is that positive words spoken today, as decades ago during the discovery of human intellect, form the thread that knits together human effectiveness. Individuals, communities, nations etc., stand a better chance to manoeuvre through life s challenges and reach success if they opt first to learn, in order to enrich their sphere of wisdom. The world today is a burning platform of conflicts of sorts that threatens to wipe-off humanity from the face of earth. What is needed is wisdom, communicated through words, to promote and enhance our human relations. The book Words of Wisdom is a priceless opportunity to influence personal development and growth in individuals, who in turn will ensure the establishment of synergistic, unified, productive, and completely functional communities or nations, the world over. Words of Wisdom offers a wide spectrum of inspirational and life-changing ideas that are a prerequisite to travelling the journey of life by any individual.
