

Intended Parents: Miracles Do Happen: A True-Life Success Story of Having Children Through Surrogacy (Paperback)

By Sandra Watson Rapley

iUniverse, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Who does a woman turn to when, more than anything in the world, she wants to have a child, but her body refuses to cooperate? Sometimes, all you need is a miracle. In 1998, when thirty-seven-year-old Sandra Watson Rapley and her husband Craig married, both decided that they wanted children right away. Sandra expected some difficulty trying to conceive because of uterine fibroids she had removed years ago. However, she was not prepared for the turbulent-and often times disappointing-road she would have to travel to make her dream a reality. After many failed attempts at drug therapy, ovulation calculation, and in-vitro fertilization, the Rapleys finally learned the devastating truth-fibroids inside Sandra's uterus were preventing a successful pregnancy. Following months of discussion, testing, and counseling, the miracle that the Rapleys were praying for arrived in the form of a surrogate. Their sister-in-law, Victoria, selflessly volunteered to be their embryo's oven, and on August 29, 2001, Victoria gave birth to the Rapleys' twin sons. *Intended Parents: Miracles Do Happen* is the touching account of author Sandra Watson Rapley's struggle with infertility,...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
