

Decisional Dilemma Vicksburg or Gettysburg? (Paperback)

By Air Command and Staff College

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is a discussion of the events surrounding the Confederate decision to conduct an offensive campaign into Pennsylvania as opposed to an alternative course of action of reinforcement against the Union siege of Vicksburg during the summer of 1863 in the American Civil War. No primary accounts of the meetings of the Confederate War Cabinet on the issue are known to exist. This paper summarizes the existing secondary accounts of what happened in meetings between General Robert E. Lee and the Confederate War Cabinet during the month of May, 1863. It then explores the strategic environment of 1863 in an attempt to gain a better understanding of the many potential influencing factors bearing upon the Confederacy's decision. The traditional instruments of national power are used to frame the discussion: economics, military capability, and politics. In addition, the increasingly recognized element of how a nation uses information as an instrument of power is applied in retrospect to further understanding of the Confederate decision. The discussion of the strategic environment of 1863 is based upon several primary and secondary sources, as well as...

Reviews

It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.

-- **Doyle Schmeler**

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
