By M Lennon Perricone

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. After a night of revelry. Human hybrid Apollo Maldonado finds himself accidently transported to Eoj Norad, where the Loriens, the remnants of a great society have taken refuge, and are preparing for an inevitable invasion by the Talos Autonomous; a race of artificial beings who will stop at nothing till all intelligent organic life has been purged from their purview. With superior individualized technology and far greater mental capacity. Apollo is capable of repulsing any invasion and promises to protect the Loriens. However, a certain faction of Lorien society view this powerful visitor as an opportunity. They seek to destroy Apollo and appropriate his internal technology for their own purposes. What unfolds is a highly charged saga of political maneuvering, power struggles and reckless ambition that could end the remaining Lorien civilization.
