

Logic and Critical Thinking: A Text for Community College Students (Paperback)

By Rod Jenks

University Press of America, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. This work is an introduction to logic, covering what is most commonly taught in the first term of a two-term sequence in logic at four-year colleges and universities. It is designed for use by community college students who plan to transfer credits to four-year institutions. The material covered seeks to maintain logic's place in philosophical thought systems, and avoids political examples in order to appeal to reason and study rather than ill-conceived jokes that often offend students varying political beliefs. This work concludes with studies in proof constructions and rules and provides explanations of various grading decisions commonly made in logic courses, a unique feature helpful to students and teachers alike.
