Filesize: 9.6 MB

Reviews

A must buy book if you need to adding benefit. Better then never, though i am quite late in start reading this one. I am very happy to inform you that this is basically the very best book we have study during my own life and could be he finest ebook for possibly.
(Rodger Hane)

THEY WALK ALONE: THE TRAGIC JOURNEY OF DEMENTIA (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It is pure torture to watch a loved one slowly lose everything and know there is nothing that can be done for them. It is so important to reassure your loved ones during the early stages of this disease. The more worked up they get, the more inept and useless they feel. Nobody should feel this way, especially those in the early stages of dementia. It s not easy to be patient under normal circumstances. It s even harder the fifteenth time you re looking for a cell phone or car keys. You must force yourself to always exercise patience. If finding their phone is important to them, then it should be important to you. Telling them not to worry about it, or it ll show up, doesn t help at all. You might as well be talking to a wall. Finding a lost item will become a fixation for them. Drop whatever you re doing and find the item. Be sure to include them in your search. Chances are they re going to follow you around anyway. This is a memoir of my journey caring for two loved ones, and experiencing the loss of a third loved one to this terrible disease. Witness with me, up-close and personal, the different stages of dementia- from early signs, diagnoses, progression, and finally the heart wrenching end. Learn from my experiences to identify the early symptoms sooner. And, more importantly, learn how to care for your loved one so that they never walk alone.
