Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Farming is becoming a lost art in today s world. We know that there are the big farmers who supply the stores, and there are the people you see at the farmer s market, but the thought of farming yourself is something a lot more daunting. Where are you supposed to start? What ae you supposed to plant, and when? There seems to be so much to do, and so many rules you have to follow, and when it comes to growing and tending things, there seems to be a lot of time and special care involved. So where do you begin? Well, that s where this book comes in. Telling you everything you need to know to get your own backyard farm up and running, from taking care of the chickens, planting the garden, and taking care of the entire operation from dawn until dusk. This is your step by step guide when it comes to all of the ins and outs of mini farming. Starting with building a chicken coop, to what you should feed your chickens, to how to care for your veggies and keep from making very common mistakes that a lot of first time farmers make. Taking all of the guesswork out of farming, nothing is going to get in the way of your first flock, your first crop, and what you can do with all of your own, home grown produce. No more worrying about the chemicals or other questionable things that are done to the produce that hits the market today. Grow a flock of happy chickens, and feed them from what you grow on your own land. There is nothing better than the satisfaction...
